

Student-Supervisor Agreement

- Research Project (PHTR 548)
 Clinical Rotation
 Others.....

Date (M-D-Y): ____/____, 20__

Before starting research work, the Supervisor(s) and Students should work together to arrive at jointly acceptable terms for establishing their role and relationship. They should also determine and identify the importance of authorship in publication(s) arising from the work.

It is both the student's and supervisor's responsibility to;

- Agree that the Intellectual Property component of the research work may wholly or in part belongs to either supervisor(s) or Student(s) based on substantial contributions to the conception or design of the work and significant contributions in the study (e.g. Problem identification, Theoretical analysis, Comparison, Implementation, Survey, Data collections, Desk work, and Empirical analysis).

	Contributions (%)
Supervisor	
Students	

- Understand that this project is merely training in research methodology for undergraduate students.
- Maintain appropriate confidentiality concerning research activities, in accordance with existing practices and policies of the course.
- Ensure the integrity of research work and avoid any possible conflict of interest.

We all confirm that we have read and understood all the above statements and agree to be guided by its principles as long as we continue to work together. We also agree to accept the Supervisor(s) decision regarding the authorship in the publication(s).
